

Once upon a time, a group of fishers from the lower Yukon River traveled to Galena to meet with upper river fishers for the good of the salmon. From that meeting, the idea for a riverwide fisheries organization was born. Ever since, the Yukon River Drainage Fisheries Association has held an annual meeting in a different village on the Yukon River to bring fishers together. For the first time ever, the meeting is returning to a village for a second time, and we're returning to the village from whence we came. We hope you will join us.

YRDLFA'S 22ND ANNUAL MEETING

**Galena, AK
Larson Charlie Community Hall
February 13-16, 2012**

Join fishers and Tribal representatives from throughout the Yukon River drainage, along with fisheries managers, to discuss current and pressing issues impacting Yukon River salmon fisheries.

This meeting is open to the public and anyone interested is encouraged to contact our office. Some travel assistance may be available. Call us at 877-999-8566 ext. 101 or 907-746-7355 for details.

We hope to see you in Galena!
